

Everbright won the Top 50GP with Most LP Investment Value

China Everbright Limited has won the 2013-2014 Top 50 GP with the Most LP Investment Value. The event is organized by CLPA (China Limited Partners Associates).

The award is from the LP perspective, judging from "number of investments by management team, professional experiences, the rate of return, the amount of funds under management, assets available for investment, success investments, innovation, risk management, internal rate of return, the annual significant event, integrity record etc ", it reviews various aspects of the operational capabilities and potentials of each GP, and whether the GP has sustainable operational capability and potentials for LPs to invest. The award proves that China Everbright's macro-asset management strategy has well recognized and appreciated by LPs. By the end of 2013, China Everbright manages a total of 15 funds, assets under management exceeded 30 billion Hong Kong dollars.

CLPA was formally established in 2008, it held many annual conferences and seminars since the establishment, CLPA is one of the early promoters of the development of China limited partners market.
