

Everbright Wins Several Awards from ChinaVenture including “The Most Influential PE Investment Firm” Award

20 September 2018 - Organised by China Venture, the 12th China Venture Investment Conference LP/GP Summit was successfully held in Shenzhen. **China Everbright Limited** (“Everbright” or The Group, stock code: 165.HK) won three prestigious awards including “The Most Influential PE Investment Firms Top 10”, “The Best LP in Venture Capitals Top 20” and “The Best Emerging LP Top 10”. Mr. Zhang Mingao, Executive Director and Chief Investment Officer of Everbright received the awards on behalf of Everbright.

As one of the most recognized conferences in PE investments, this year the conference was themed as “Investment Transformation” and guests from well-known investment institutions in China and overseas gathered together and discussed the recent hot topics and explore the future investment trends.

With the complex and changing market environment, the PE investment industry faces new challenges. Riding on its cross-border platform advantages, Everbright's financial data continue to grow steadily. This year, Everbright established The Hunan-CEL Investment Fund, CEL Global M&A Fund and CEL Haiying Fund, and among others, achieving annual growth target of 20% or more in its overall fund size. As at the end of June 2018, the Group managed a total of 55 funds and had 134 primary market post-investment management projects and 25 secondary market investment portfolios, of which, 13 primary market projects have been listed on various stock markets around the world, reflecting the global reach of the Group's investment footprint. The group strengthened international strategy by enhancing global asset allocation, with its strategy of keeping balance among domestic and overseas assets, RMB and foreign bonds, long-mid-short-term capital allocations to deliver value and return to investees and investors.
